WeConnect
Millennium Month
30 day challenge

Day 1	Day 2	Day 3	Day 4	Day 5
Check computers and printers are working.	Check everyone has a smartcard and it is still working.	Demonstration of how the computer can be used as an aid not a barrier.	Identify key sources of help and support - set up WeConnect board	Identify something you don't know, and will stop you using the system effectively.
Day 6	**Day 7**	**Day 8**	**Day 9**	**Day 10**
Identify what you will need to allow you to develop confidence and use the system effectively.	Check that the allergies for every patient in your clinical area are documented on the system.	Do you know your business continuity plans? Mentor someone today to familiarise them, or receive mentoring yourself if you're not sure.	Using a patient you have just completed paperwork for, take a few minutes to see if you can replicate what you have done on the electronic system.	Talk to a colleague about what you found out yesterday, and any solutions to challenges encountered.
Day 11	**Day 12**	**Day 13**	**Day 14**	**Day 15**
Abandon the bundle and devise plans of care for one of your patients.	Find out how to safely keep your devices clean.	Post useful tips on your WeConnect board.	Celebrate success in your area so far by tweeting with #BHWeConnect.	Learn how patient lists are produced for patients to who you are delivering care on a shift.
Day 16	**Day 17**	**Day 18**	**Day 19**	**Day 20**
Ensure that the locations of your WOWs are identified.	Identify the digital champions in your clinical area.	Get a selfie with a member of the Executive Team discussing the WeConnect project with staff.	When the patients are asleep, redo a couple of observations or events from your shift. Identify how you as a night worker can be better prepared for the rollout of the system.	A patient is suspected of having sepsis. How would you manage this on the system?
Day 21	**Day 22**	**Day 23**	**Day 24**	**Day 25**
What will a successful transition to the electronic system look like for your team? Capture your thoughts on the WeConnect board.	Record the previous medical history of a couple of patients on the electronic system.	Practice an initial assessment.	Record Waterlow scores for your patients.	Record MUST scores for your patients.
Day 26	**Day 27**	**Day 28**	**Day 29**	**Day 30**
Practice the discharge or transfer of a patient.	Check the health of all the equipment you will need for the electronic system to work effectively.	Check that everyone in your team has had a chance to 'play' with the system.	Make sure you know what you will do if temporary access is needed.	Meet as a team for tea and cake, and identify what has gone well, and anything that is still needed for successful implentation.
